You may bring one carry-on size piece of luggage plus a personal item onto the plane, per person. **Please refer to the appropriate website for your airline to see how many bags are allowed to be checked and at what charge (charges vary for each airline).** Please be sure to include any medical supplies you may be checking in or carrying. If you think you may exceed the limit for luggage listed by your airline, please contact your local Make-A-Wish office immediately. Please be sure that you have a tag on your bags with your name, address and phone number (you can do this at the airport if you don't have tags).

Advisory for new carry-on regulations:

With certain exceptions for prescription and over-the-counter medicines, baby formula and breast milk, and other essential liquids, gels, and aerosols, the following rules apply to all liquids, gels, and aerosols you want to carry through a security checkpoint.

****All liquids, gels and aerosols must be in three-ounce or smaller containers.** Larger containers that are half-full or toothpaste tubes rolled up are not allowed. Each container must be three ounces or smaller.

****All liquids, gels and aerosols must be placed in a single, quart-size, zip-top, clear plastic bag.** Gallon size bags or bags that are not zip-top such as fold-over sandwich bags are not allowed. Each traveler can use only one, quart-size, zip-top, clear plastic bag.

****Each traveler must remove their quart-sized plastic, zip-top bag from their carry-on and place it in a bin or on the conveyor belt for X-ray screening.** X-raying separately will allow TSA security officers to more easily examine the declared items.

Please consult the airlines' Web sites or the TSA Web site at www.tsa.gov for additional information or call their toll free number at **1-866-289-9673**.
